LIZATI MOHAMMED
BACK-END DEVELOPER

Career Objective

Seeking an opportunity to develop my skills in back-end programming and contribute to the growth of a leading company by applying my technical knowledge and practical experiences.

Experience

Training : Fullstack Developer
Bel Learning Pro | 2022 - 2023, Oujda

I contributed to three projects. As a Full Stack Developer, I built an e-learning platform using HTML, Bootstrap 5, JavaScript, PHP, and MySQL, focusing on user experience, data security, and efficient storage. Another role as a Back-End Developer, I developed a system for managing orders and project files using ASP.NET Core, design patterns,.OOP, JWT and SQL Server for database. My responsibilities included back-end development, code organization, and ensuring data integrity. Also developed a warehouse business management application using ADO.NET.

Back-end Developer
Digital Butterfly Freelancer | 2023, Oujda

I developed a system for Marrakech Invest platform using PHP . My responsibilities included back-end development and create database.
